

Jerez de la Frontera, Cádiz (Spain),

11th March 2024

Dear Graduate,

It is with great pleasure and immense pride that we extend to you a heartfelt invitation to join us in celebrating a significant milestone in our journey - 25 remarkable years since the relocation of our academy from Prestwick, Scotland, to the beautiful city of Jerez de la Frontera. Since our establishment in Jerez in 1999, we have been privileged to shape the careers of countless aspiring aviators, delivering nearly 250 courses and proudly graduating approximately 3,000 pilots who have gone on to carve their paths in the aviation industry.

To commemorate this unique occasion, we cordially invite you to a special event designed exclusively for our alumni. It will be a joyous gathering welcoming graduates from all courses, providing an opportunity to reconnect, reminisce, and celebrate our journeys in the aviation industry.

The venue for this occasion will be the illustrious **Atalaya Museums**, nestled within the enchanting surroundings of the XIX century Palacete de la Atalaya and its breathtaking gardens, all set in the heart of Jerez de la Frontera's city centre.

Mark your calendars for Friday, the 3rd of May, as we gather for an evening of camaraderie and nostalgia in the form of a delightful cocktail party which will commence at 18:00 local. Following our celebration, we encourage you to extend your stay and immerse yourself in the renowned Feria del Caballo, commencing the next day, and revive memories of a celebration that was most definitely a highlight of your time in Jerez as a student.

As part of our celebration, we are excited to introduce amongst our graduates the **FTEJerez Excellence in Aviation Awards**. These awards seek to honour individuals who having trained at FTEJerez have demonstrated outstanding contributions across various domains of aviation, from safety and sustainability, to flight training and exceptional airmanship. Details on the categories and how to nominate candidates are available [here](#).

To assist us in planning this memorable occasion, we kindly request that you confirm your attendance [here](#) by the 31st of March. Further details will be shared with confirmed attendees in due course.

We look forward to welcoming you back to FTEJerez, where your career took flight.

Warm regards,

Oscar Sordo Díaz
