

SILVER LINING ATPL

ATO Transfer Course

V2.3 December 2023

1 SILVER LINING ATPL

Due to the global pandemic, many integrated ATPL students have seen how their ATO has terminated their training due to financial or operational difficulties. FTEJerez is aware that these students face many uncertainties after having already made important efforts to kick-start their dream of becoming an airline pilot and are concerned regarding their options.

Because we believe that *every cloud has a silver lining*, FTEJerez is proud to present our **Silver Lining ATPL**, a tailored training programme that will allow students in this unfortunate situation to transfer to FTEJerez and graduate successfully with no further delays.

The **Silver Lining ATPL** offers the following highlights:

- Students enrol and graduate officially as an **integrated cadet** – it is not a modular solution.
- Experience and live on the FTECampus: no shared accommodation, no need to commute for training, all full board services included.
- **No distinctions:** Students join existing **FTEJerez AFOP** courses and receive the same quality training as all our students.
- **Our fees are all inclusive:** no hidden accommodation costs, licence fees or extras so you can plan your future with no further unwanted surprises.
- Students enjoy the **full career service** and FTE's proactive approach to assisting each and every cadet in securing a job as an airline pilot.
- **Individual approach to all candidates**, offering bespoke training packages which adapt to each student's flying experience and personalised customer service from day 1.

2 REQUIREMENTS

- EU / UK national.
- Hold a valid EASA Class 1 medical.
